Re: We Need to Verify Your Vehicle Mileage and Usage Information

Dear _____ :

Thank you for being an Allstate customer. We are contacting you because we need to verify some important information about your automobile insurance policy.

To rate your auto policy more accurately, we need to know the following as these factors affect your insurance premium.

- The estimated number of miles each of your insured vehicles is driven annually
- A verification of how each of your insured vehicles is used

How to Provide Us with This Information

Please respond to the questions on the enclosed form about each of the insured vehicles listed. Be sure to sign and return the completed form to us in the postage paid envelope we have provided within the next 20 days. *(If you misplace the provided envelope, please mail the completed form to: Allstate Insurance Company, P.O. Box 61189, Virginia Beach, VA 23466.)*

Please keep in mind that if we do not receive your completed form within 20 days, we will calculate your auto premium based on an estimated annual mileage of 12,000 miles, which is roughly the national average. In addition, any vehicle currently rated for farm use will instead be rated for work use.

Completing and returning the form within the specified time will help ensure that the premium for your upcoming renewal is calculated using correct mileage and usage information.

Have Questions? Please Contact Us

If you have any questions about the enclosed form or your insurance coverage in general, please contact your Allstate agency, Allstate Agent at (970) 224-5757. Thank you again for choosing Allstate.

Sincerely,

Allstate Insurance Company
